

VIRTUAL REALITY - HEALTH AND SAFETY WARNING

YOU ACKNOWLEDGE THAT BY USING VIRTUAL REALITY (THE “PRODUCT”) YOU ARE EXPOSING YOURSELF TO CERTAIN HEALTH AND SAFETY RISKS. YOU AGREE TO IMMEDIATELY DISCONTINUE USE IF YOU FEEL ANY DISCOMFORT WHATSOEVER.

Ensure You Are Able to Safely Use the Product

You agree to consult your doctor before using the product if you have pre-existing serious medical conditions (such as a heart ailment or if they suffer from seizures), conditions that affect your ability to safely perform physical activities, psychiatric conditions (such as anxiety disorders or post-traumatic stress disorder), or if you are pregnant or elderly. Do not use the product if you are sick, fatigued, under the influence of intoxicants/drugs, or not feeling generally well, as it may exacerbate Customer’s condition.

Photosensitive Seizures

Like other products that produce visual effects (including light flashes), the product may trigger epileptic seizures, seizures, fainting, or severe dizziness even in people who have no history of these conditions. If you have a previous history of epilepsy or seizures, loss of awareness, or other symptoms linked to an epileptic condition, consult your doctor before using the product. To reduce the likelihood of a seizure do not use the product if you are tired or need sleep.

Repetitive Stress Injuries

Operate the product in a comfortable posture. Do not grip the product too tightly. Press the buttons lightly. If you have tingling, numbness, stiffness, throbbing, or other discomfort, immediately stop using the product and consult your doctor.

Physical and Psychological Effects

Content viewed using virtual reality can be intense, immersive, and appear very life-like and may cause your brain and body to react accordingly. Certain types of content (e.g. violent, scary, emotional, or adrenaline-based content) could trigger increased heart rate, spikes in blood pressure, panic attacks, anxiety, PTSD, fainting, and other adverse effects. If you have a history of negative physical or psychological reactions to certain real life circumstances, avoid using the product to view similar content. Similarly, it is important to remember that simulated objects, such as furniture, that may be encountered while using the product do not exist in the real world, and injuries may result when interacting with those simulated objects as if they were real, for example, by attempting to sit down on a virtual chair.

Radio Frequency Interference

The product can emit radio waves that can interfere with the operation of nearby electronic devices. If you have a cardiac pacemaker or other implanted medical device, do not use the product until you have consulted with your doctor or the manufacturer of your medical device. To minimize radio frequency interference, use only original manufacturer-approved accessories, or accessories that do not contain any metal. Use of non-original manufacturer-

approved accessories may violate your local radio frequency exposure guidelines and should be avoided.

Stop Using If You Experience Any Discomfort

Stop using the product and consult your doctor if you experience any of the following symptoms:

- Seizures, loss of awareness, convulsions, involuntary movements, dizziness, disorientation, nausea, lightheadedness, drowsiness, or fatigue;
- Eye pain or discomfort, eyestrain, eye twitching, or vision abnormalities (such as altered, blurred, or double vision);
- Excessive sweating increased salivation, impaired sense of balance, impaired hand-eye coordination, or other symptoms similar to motion sickness.

Until fully recovered from these symptoms, do not drive, operate machinery, or take part in activities that may have potentially serious consequences.

Before resuming use of the product, make sure that it is properly configured. The type of content you were using may cause your symptoms. Continuing to use such content may make you prone to experiencing the same symptoms.

YOU ARE AWARE OF AND UNDERSTAND THE RISKS ASSOCIATED WITH USING THE PRODUCT AND, BY USING THE PRODUCT, YOU VOLUNTARILY AND KNOWINGLY ASSUME AND ACCEPT SUCH RISKS.
